## "Brainstorming"

60 X 80 cm, acrylic on canvas, 2011

## "Recycling Torso" →

70 X 100 cm, acrylic on canvas, 2011

In my work, my purpose is to break away from the stringent order of society, to unleash tensions and to bring about a vivid confrontation with the issues of "form" and color". Playing with "Contradictions" is the name of the game. The most crucial point for me is to reach the strongest possible effect with simple forms and materials. My works are the instrument with which I manage to break through conventional perceptions.
